## Hakatai Adds Solid Color Mosaic Sheets to Horizon Series

**For Immediate Release:** Hakatai, importer and distributor of glass mosaic tile since 1997, has expanded its Horizon series of 7/8" x 7/8" tile blends to include solid color glass mosaic sheets. The sleek and vibrant new solid colors offer a stunning, sophisticated look for any modern design scheme. The extra thick, 1/4" glass mosaic tiles add depth and beauty to any surface. The Horizon series from

Hakatai is available in a selection of glossy-finish colors, including: Linen, Dove Grey, London Fog, Macadamia, Taupe, Sagebrush, Mahogany, Sapphire, Bermuda Blue and Powder Blue.

With the addition of new solid color glass mosaic sheets to the Horizon collection, architects, designers and specifiers now have even more options when selecting from this already versatile series. Horizon glass tile is also still available in a variety of blends. Blends of glossy and matte finish glass, blends of glass and metal, as well as blends of glass and stone, combine

contrasting finishes and materials to bring surfaces to life. The Horizon series is ideal for interior and exterior mosaic tile applications, in wet or dry areas, including kitchen backsplashes, shower walls and pool borders. Horizon series tile is mesh-backed for ease of installation.
