Hakatai Introduces New “Ready to Display” Glass Mosaic Mural Program

For Immediate Release: Hakatai Enterprises, a leading importer and distributor of glass mosaic tile, has announced the launch of its new “ready to display” mosaic mural program. This innovative concept delivers mosaic murals already mounted and framed in a neutral metal frame, which do not require any tile installation for the end user. Hakatai’s experienced team of design professionals and

mosaic artists can turn any photo or original drawing into a custom mosaic mural ready for immediate display.

Ready to display mosaic murals from Hakatai are an ideal way to turn a favorite photo into an enduring piece of art. Hundreds of shades of colors in various surface textures are available to the mosaicists, allowing for beautiful simulations that capture the true color, texture and detailed shadings of the original image. An epoxy-based protective coating is applied to finished murals to create an attractive glossy finish and murals are signed by the artists. Ready to display mosaic murals are the perfect size to complement store-front displays, office or home settings, with the dimensions of the custom mural depending on the original photo submitted and the detail needed to recreate the image.

The ordering process for ready to display murals is simple and easy, and Hakatai works with each customer to help guide them through every step of the way. Simply provide a photo or other original image to Hakatai and a price quote is provided with a drawing or sketch of the mural for approval before proceeding with the creation of the mosaic mural. General lead time for ready to display custom mosaic murals is approximately eight to 12 weeks after the final design has been approved.

For more information, please contact Hakatai Enterprises at: 701 Mistletoe Road, Ashland, Oregon 97520, or by phone: 541-552-0855, fax: 541-552-0861, or email: info@hakatai.com.
