Hakatai Partners with GreenShipping.com

For Immediate Release: Hakatai, a leading importer and distributor of glass mosaic tile, has partnered with GreenShipping.com to provide carbon-neutral shipping on FedEx Ground and Expedited orders within the U.S.

Green Shipping uses a carbon shipment calculator to determine the CO2 emissions generated by each shipment. Once the package has completed its journey and the calculations are complete, Hakatai purchases carbon offsets to neutralize the shipment's effect on climate change.

Hakatai's carbon offsets are purchased from the Bonneville Environmental Foundation. With BEF carbon offsets, organizations such as Hakatai are able to dedicate funds to the development of renewable energy sources like wind power. This, in turn, helps reduce the carbon footprints that Hakatai leaves behind in shipping products.

BEF is a national, nonprofit organization dedicated to supporting the development of renewable energy and watershed restoration. All BEF Carbon Offsets are Green-e® Climate certified, the highest level of certification possible.

For more information, please contact Hakatai Enterprises at: 701 Mistletoe Road, Ashland, Oregon 97520, or by phone: 541-552-0855, fax: 541-552-0861, or email: info@hakatai.com. Check out the Hakatai Enterprises, Inc., website at: www.hakatai.com.
