NO LONGER A BACKGROUND ELEMENT, BACKSPASHES ARE IN THE KITCHEN SPOTLIGHT

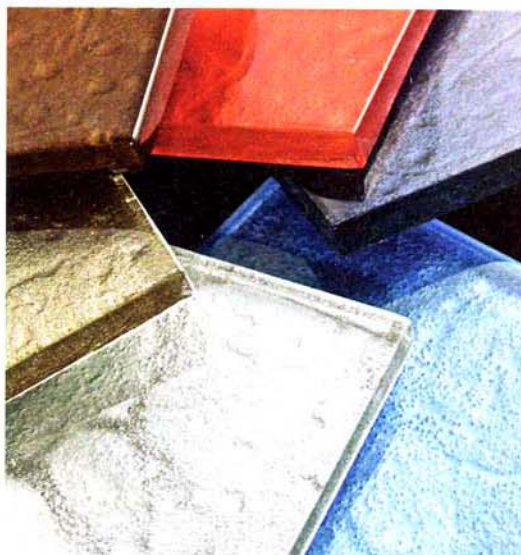

Authentic Appearance

Classically shaped with an authentically worn appearance, Eldorado Stone's TundraBrick veneer imparts a warm richness that enhances contemporary and traditional kitchens alike. Handcrafted and individually molded, the slightly squared edges are chiseled and weathered. Lighter than natural brick, this brick veneer doesn't require wall ties and footings, and will adhere easily to many structurally sound surfaces that ordinary brick would not. • eldoradostone.com/brick, 800-925-1491

Glass Menagerie

With their luminescent finish and unusual blends of color and texture, GlassTileStore.com's unique glass tiles reflect light back onto surfaces and fixtures. New this season is a collection of recycled 'green' tiles with environmental sayings as well as Pop Art circles of color and earth-toned fusion and stained glass.

Functional Fine Art

Beautifully rendered by award-winning artist Rachel Tribble, her new line of Bellflower custom tiles transforms a backsplash into a lifelike work of art. Portraying dreamlike scenes of marine life and nature's creatures, the patterned tiles can be paired with coordinating solids to create a dramatic focal point. • racheltribble.com, 772-692-4323

Earth-Toned Elegance

Characterized by rich, earth-to-sky tones and gold-hued dust shimmering throughout each tile, Hakatai's Adventurine series offers an endless variety of uses. This master bath was revived with the Safari Blend paired with an accent band in Sage to divide the room for a more spacious feel that also accentuates the sinks, vanity, shower and other fixtures. • hakatai.com, 888-667-2429
